

# What PPE do I need to wear?

	<b>Surgical mask</b> 	<b>Gloves</b> 	<b>Eye protection</b> Safety glasses, safety goggles or face shield 	<b>Hand hygiene</b> 
<b>In the client's home</b>				
<b>Out in the community*</b> Eg. going for a walk, going to the shops				
<b>Driving with a client</b>				
<b>Providing care that involves touching the client, body fluids or equipment</b>				

\*If you're out in the community and close contact is required, eg. assisting with a client meal, then eye protection is required

#Masks are still recommend in a client's home and indoors
